look at the effects of globalization on the world economy in general. Despite the advantages of globalization, the negative side with all the disadvantages should not be neglected. Therefore, it is essential to look at the advantages and disadvantages that are created by globalization. The question is to ask, if globalization really has the force to make the world more equal and who are the winners or the losers of it ? The available seminar paper tries to answer that question with a critical analysis of the topic. Chapter two pays attention to the fact what
